

§ 2310.3-2

and provide for one or more public meetings in relation to requested actions involving 5,000 or more acres in the aggregate and, as to requested actions involving less than 5,000 acres, solicit and evaluate the written comments of the public as to the requested action and as to the need for public meetings;

(vi) State, in the case of a national defense withdrawal which can only be made by an Act of Congress, that if the withdrawal is to be made, it will be made by an Act of Congress;

(vii) Provide the address of the Bureau of Land Management office in which the application and the case file pertaining to it are available for public inspection and to which the written comments of the public should be sent;

(viii) State that the application will be processed in accordance with the regulations set forth in part 2300 of this title;

(ix) Reference, if appropriate, the FEDERAL REGISTER in which the notice of a withdrawal proposal, if any, pertaining to the application was published previously;

(x) Provide such additional information as the authorized officer deems necessary or appropriate.

(c)(1) In determining whether a public meeting will be held on applications involving less than 5,000 acres of land, the authorized officer shall consider whether or not:

(i) A large number of persons have expressed objections to or suggestions regarding the requested action;

(ii) The objections or suggestions expressed appear to have merit without regard to the number of persons responding;

(iii) A public meeting can effectively develop information which would otherwise be difficult or costly to accumulate;

(iv) The requested action, because of the amount of acreage involved, the location of the affected lands or other relevant factors, would have an important effect on the public, as for example, the national or regional economy;

(v) There is an appreciable public interest in the lands or their use, as indicated by the records of the Bureau of Land Management;

43 CFR Ch. II (10-1-99 Edition)

(vi) There is prevailing public opinion in the area that favors public meetings or shows particular concern over withdrawal actions; and

(vii) The applicant has requested a public meeting.

(2) A public meeting, whether required or determined by the authorized officer to be necessary, shall be held at a time and place convenient to the interested public, the applicant and the authorized officer. A notice stating the time and place of the meeting, shall be published in the FEDERAL REGISTER and in at least one newspaper having a general circulation in the vicinity of lands involved in the requested action, at least 30 days before the scheduled date of the meeting.

§ 2310.3-2 Development and processing of the case file for submission to the Secretary.

(a) Except as otherwise provided in § 2310.3-6(b) of this title, the information, studies, analyses and reports identified in this paragraph that are required by applicable statutes, or which the authorized officer determines to be required for the Secretary or the Congress to make a decision or recommendation on a requested withdrawal, shall be provided by the applicant. The authorized officer shall assist the applicant to the extent the authorized officer considers it necessary or appropriate to do so. The qualifications of all specialists utilized by either the authorized officer or the applicant to prepare the information, studies, analyses and reports shall be provided.

(b) The information, studies, analyses and reports which, as appropriate, shall be provided by the applicant shall include:

(1) A report identifying the present users of the lands involved, explaining how the users will be affected by the proposed use and analyzing the manner in which existing and potential resource uses are incompatible with or conflict with the proposed use of the lands and resources that would be affected by the requested action. The report shall also specify the provisions that are to be made for, and an economic analysis of, the continuation, alteration or termination of existing uses. If the provisions of § 2310.3-5 of this

title are applicable to the proposed withdrawal, the applicant shall also furnish a certification that the requirements of that section shall be satisfied promptly if the withdrawal is allowed or authorized.

(2) If the application states that the use of water in any State will be necessary to fulfill the purposes of the requested withdrawal, extension or modification, a report specifying that the applicant or using agency has acquired, or proposes to acquire, rights to the use of the water in conformity with applicable State laws and procedures relating to the control, appropriation, use and distribution of water, or whether the withdrawal is intended to reserve, pursuant to Federal law, sufficient unappropriated water to fulfill the purposes of the withdrawal. Water shall be reserved pursuant to Federal law for use in carrying out the purposes of the withdrawal only if specifically so stated in the relevant withdrawal order, as provided in § 2310.3-3(b) of this title and only to the extent needed for the purpose or purposes of the withdrawal as expressed in the withdrawal order. The applicant shall also provide proof of notification of the involved State's department of water resources when a land use needed to carry out the purposes of the requested withdrawal will involve utilization of the water resources in a State. As a condition to the allowance of an order reserving water, the applicant shall certify to the Secretary that it shall quantify the amount of water to be reserved by the order.

(3) An environmental assessment, an environmental impact statement or any other documents as are needed to meet the requirements of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)), and the regulations applicable thereto. The authorized officer shall participate in the development of environmental assessments or impact statements. The applicant shall designate the Bureau of Land Management as a cooperating agency and shall comply with the requirements of the regulations of the Council on Environmental Quality. The Bureau of Land Management shall, at a minimum, independently evaluate and review the final product. The following items

shall either be included in the assessment or impact statement, or they may be submitted separately, with appropriate cross references.

(i) A report on the identification of cultural resources prepared in accordance with the requirements of 36 CFR part 800, and other applicable regulations.

(ii) An identification of the roadless areas or roadless islands having wilderness characteristics, as described in the Wilderness Act of 1964 (16 U.S.C. 1131, *et seq.*), which exist within the area covered by the requested withdrawal action.

(iii) A mineral resource analysis prepared by a qualified mining engineer, engineering geologist or geologist which shall include, but shall not be limited to, information on: General geology, known mineral deposits, past and present mineral production, mining claims, mineral leases, evaluation of future mineral potential and present and potential market demands.

(iv) A biological assessment of any listed or proposed endangered or threatened species, and their critical habitat, which may occur on or in the vicinity of the involved lands, prepared in accordance with the provisions of section 7 of the Endangered Species Act of 1973, as amended (16 U.S.C. 1536), and regulations applicable thereto, if the Secretary determines that assessment is required by law.

(v) An analysis of the economic impact of the proposed uses and changes in use associated with the requested action on individuals, local communities, State and local government interests, the regional economy and the Nation as a whole.

(vi) A statement as to the extent and manner in which the public participated in the environmental review process.

(4) A statement with specific supporting data, as to:

(i) Whether the lands involved are floodplains or are considered wetlands; and

(ii) Whether the existing and proposed uses would affect or be affected by such floodplains or wetlands and, if so, to what degree and in what manner. The statement shall indicate whether, if the requested action is allowed, it
